

OREIMA

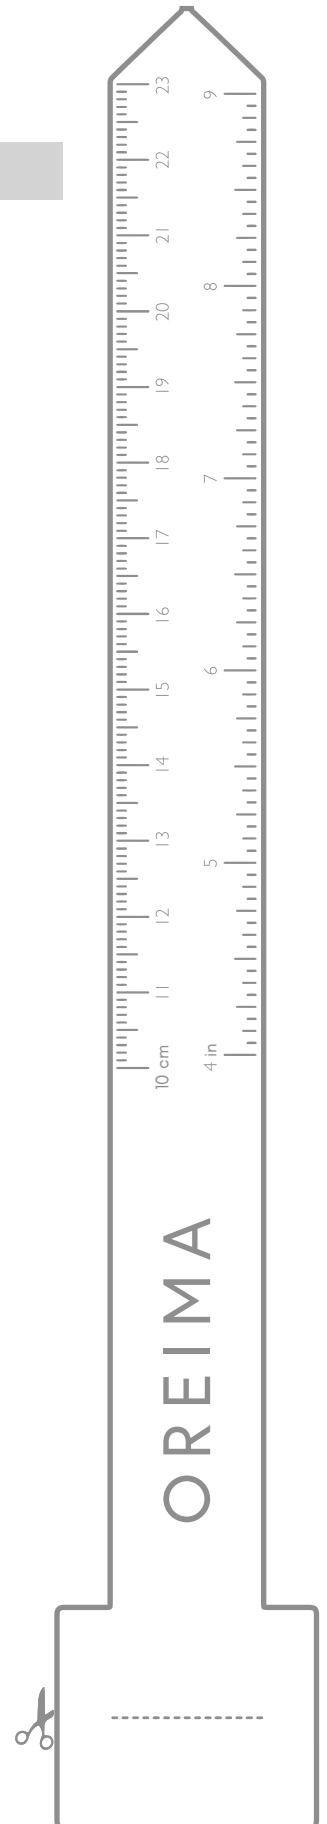

FINE JEWELRY

BRACELET SIZE GUIDE

1. Please make sure that your printer is set to 100% print size and "Scale to Fit" option is unchecked.
2. Cut along the line of this printable.
3. Make a small slit at the end of the sizer.
4. Measure your wrist with this printable measure tape to obtain bracelet size.
5. Make sure the numbers are facing upwards, pull the pointed end through the slit until you get the desired circumference.
6. Read the measurement on the sizer.

To verify the measurements of this bracelet size chart,

Print at 100% and the line above should measure **50mm or 5cm**

*This information is considered for reference guide only, OREIMA JEWELRY may not be held responsible for any discrepancies of measuring your wrist.
